being accepted at the Ivy League schools he applied to, Dan Savage would find his future in the congressional race of his dreams. The Ferret: Georgie Mavrides was born on the North Shore of Boston, the middle of three boys. His father was a successful small businessman and his mother was a brilliant school administrator who pushed him to read widely. So while most of his peers were lying around the house on Saturday's, Georgie was reading at the Boston Public Library, poring over Lenin, Marx, and even Huckleberry Finn. He was an imaginative kid, too. When he was 12, his teachers handed him a piece of wood and asked him to draw the word "END," using his imagination to build a picture. When he finished, Mr. Collins could not believe it. "The pictures really stood!" he declared. "Is this ability inherent or was this a great influence from school?" Georgie had no idea. Teachers were a big factor in Georgie's early days. Then, he was ridiculed one day in class. Mr. Erickson had asked his students to draw the word "Balance" with a capital "B" and the lowercase "a." Georgie sketched a long, nose on the "a" with a line radiating away from it. Neither of the other students took it seriously, thinking he was putting them down. Mr. Erickson was not amused. Georgie soon after apologized for

his bad drawing. At school, Georgie liked to hang around George Mitchell, the future president of the student body. But the boy had an uphill climb ahead of him. He never excelled at sports, never had any girlfriends, and never excelled at any of the school's extracurricular activities. Georgie was in the "in group" but the "out group" always consisted of Brian McNamara and Jason Williams. And he didn't like it. He didn't even like himself. At fourteen, no one had the figure Georgie now had. He had no friends. The boys teased him all the time. If John Cena comes up with a good
